

JET LAM ROUGH TOUCH 38UM**Main Specifications:**

Premium over lamination matte film with a captivating sand-like pattern. In comparison with traditional alternatives such as UV printing screen varnishes, this film's special features are outstanding matte finish, enhanced colour tonality, super contact clarity, extra protection for the printed job, excellent performance against scuffing, stability and consistency for the printed and laminated materials with grainy tactile surface, effective curl-free finishing, compatible with finishes such as spot UV or hot stamping and glueable.
